OFSTED Outcome

Dear Parents/Carers,

I am delighted to share with you our OFSTED report. I am very proud of the report and feel that it positively and accurately reflects our children, staff, governors and school community. As a parent or guardian, it can be really difficult to get an insight into what your child's school is like and sometimes you only hear about the less positive parts of your child's day! I feel that the first paragraph really captures what we see as staff on a day to day basis.

I do believe that inspections are a snapshot in time and I am determined that while I continue to lead the school, I will continue to drive the school on further. The inspection was a fairly stress-free process and I believe that is because we showed the inspection team what our school is always like.

I would like to thank everyone connected to the school for the hard work they always put in, and to all our stakeholders for engaging with the inspectors or completing the parent view.

If you have any questions about the report, please do not hesitate to contact me.

Yours sincerely

Mark Wartnaby
Acting Headteacher
